DETAILED ACTION

Allowable Subject Matter

1. Claims 1-6 and 12-14 are allowed.
2. The following is an examiner's statement of reasons for allowance: the method of processing meat of independent claim 1 defines over the prior art of record since the prior art does not teach, suggest, nor render obvious massaging meat in contact with a treating solution, the meat being maintained at an elevated temperature for a period of time where the treating solution is absorbed by the meat thus making it dry, and thereafter cooling the meat in a second vessel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Oath/Declaration

3. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:
Non-initialed and/or non-dated alterations have been made to the oath or declaration. See 37 CFR 1.52(c).

4. Applicant is now required to submit a substitute declaration or oath to correct the deficiencies set forth above. The substitute oath or declaration must be filed within the

THREE MONTH shortened statutory period set for reply in the "Notice of Allowability" (PTO-37). Extensions of time may NOT be obtained under the provisions of 37 CFR 1.136. Failure to timely file the substitute declaration (or oath) will result in **ABANDONMENT** of the application. The transmittal letter accompanying the declaration (or oath) should indicate the date of the "Notice of Allowance" (PTOL-85) and the application number in the upper right hand corner.

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Horn et al [Pat. No. 6,105,490] teaches a method of cold marinating meat.
